From the collections of Independence National Historical Park

Transcription of body of letter:

## Dear Mr. Kurkack:

I was very pleased to read in The Philadelphia Inquirer of March 13 the remarks attributed to you regarding the sit-in by college students at the Liberty Bell. It is good to know that not only do the officials in charge of this important national shrine understand the factual details connected with it, but more important even, they are sensitive to the fundamental spiritual values which it symbolizes.

With all good wishes, Sincerely Henning Cohen
